SHIVAJI UNIVERSITY, KOLHAPUR

For partial fulfillment of

"Bachelor of Computer Application"

SUBMITTED BY

MR. OMKAR SURESH GAVLI. (B.C.A –II)

MR. SHUBHAM SHIVAJI MENGANE. (B.C.A –II)

UNDER THE GUIDANCE OF

MISS. P. B. PATEKARI (MCA)

THROUGH

The Principal

SHIVRAJ COLLEGE OF ARTS , COMMERCE D.S.KADAM

SCIENCE COLLEGE, GADHINGLAJ DIST.KOLHAPUR

2021 – 2022

About Project

This Website is mainly developed by using "HTML, JAVA SCRIPT, & CSS".

E-book is very useful for book readers. The book is on server so you can access them any time and anywhere.

This E-book website saves your time and money and it is available at any place 24/7.

With the help of E-book the reader can read a book according to his time.

Objective Of Project

1. To make user friendly platform for book readers.
2. To avoid a struggle of getting books by libraries and book stalls.
3. It is open and free website to get book.
4. To give 24/7 service to users.

Existing System

1. In the Existing system reader have to go to libraries for getting book .
2. Going to the book stalls and buying the book which is time consumer.
3. Every time the readers have to go libraries to get books for some time interval and giving back ton libraries.

Proposed System

1. The proposed system is an E-book website.
2. On this platform the user get the book which he/she needed.
3. It is time and money saver for readers.
4. It is available 24/7 to user.
5. Because of E-book the user does not have carry heavy book any where.
